THE NEW-YORK TRIBUNE IN NEW-ORLEANS .- Our friends visiting New-Orleans can buy THE TRIBUNE, either Daily, Semi-Weekly or Weekly, of Mr. A. Simon, No. 85 Baronne st., for five cents.

TWe entreat every one who uses the telegraph next Tuesday night not to choke the wires with unimportant details. Send no vote by election districts, and of the State Ticket send the vote for Governor only. Then tell us who is chosen to Congress and to the Assembly, but never give the vote of your township or village for more than two officers. It is usually impossible to for-ward the essential returns, because the weres are clogged with unimportant details. Whether you send to THE TRIBUNE, to the Associated Press, or to others, please

The Hon. Chauncey M. Depew will speak this evening at Peekskill. Prof. Pope of Pittsburgh, Pa., will sing.

The statement that Heratio Seymour did, at St. Paul's, Minnesota, express his conviction that the Constitutional Amendment was right and proper for the South to accept and the North to approve, is reaffirmed with certainty by the Press of that city.

The excitement in Canada in regard to the Fenian trials is undiminished. On Saturday, the Rev. D. F. Lumsden of the Episcopal Church was tried, acquitted and discharged. Bishop Cox of this city was a witness for the defense.

We direct attention to a special card to the voters of the HIId Congress District, advertised in our colnmns. It is a strong indorsement of the claims of Mr. Simeon B. Chittenden, the Republican candidate, by hundreds of the best known citizens of Brooklyn.

From Kansas we have a telegram reporting the death of Col. Phillips, well known as a faithful correspondent of THE TRIBUNE during the Kausas troubles, at the hands of a party of marauders in the Indian Country. We trust that the report may prove

Missouri gives a bint of the same class of troubles which have threatened Maryland. We are told that proofs of fraud in the registry of the Rebel counties are overwhelming, and that the Sheriff of St. Louis has summoned a very large posse to maintain order. No doubt the Rebels will do their worst to achieve even half a victory; but we trust fully to the brave, good work of the men who redeemed Missouri here-

The President, it is asserted, instructed Gen. Sheridan not to arrest any of the murderers of New-Orleans, though 44 affidavits pointing out the criminals had been filed two months ago. Is it possible that our highest office is used for the protection of assassins? This report would not be credible if Andrew Johnson's defense of the massacre had not made it so.

The danger of a contest between the new and old Police Commissioners of Baltimore, and those appointed by Gov. Swann, has been averted by the prompt action of Judge Bond, who arrested Messrs. Young and Valiant, and committed them to jail, in default of bail. Judge Bond very properly declared that, while it was not his duty to decide the legal question involved in the dispute, he was bound to prevent the new Commissioners from attempting to obtain their offices by a breach of the peace. They are now compelled to submit the question to the Courts, as they should have done at first; and it is understood that a writ of habeas corpus will be obtained. Judge Bond, independently of all party considerations, deserves honor for preserving the peace of the city, though he had the influence of the Governor to contend with. It must be remembered that Judge Bond presides over the only criminal court in Baltimore, and that all offenses, from the highest to the lowest, were under his jurisdiction. These Commissioners are in custody now on a bench warrant from this, the highest criminal court, and if a writ of habeas corpus be granted by one of the Judges of the Court of Appeals, it is, at least, questionable whether such Judge might not be arrested for contempt of Judge Bond's Court, and put in prison with the rest.

From Washington we have an account of Gov. Swann's new plan, approved by the President, which contemplates the installment of the new Commismissioners by the military power of the United States. Messrs. Stansberry, Stanton, and Gen. Grant justly objected to such interference with the Courts, and Mr. Johnson will hardly dare attempt to crush law in Maryland. Even to his usurpation there must be a limit.

### THE STATE.

Friends in the interior! we are fighting this City and Brooklyn as they never were fought before. We do confidently believe that we shall reduce by some thousands the number of illegal votes polled against ns in 1864. But the Custom House, the Navy Yard, the Post-Office, &c., have been treacherously taken from and turned against us; and these, added to the gigantic patronage and plunder of our Municipal 'Ring," make it an up-hill fight for us.

We shall do our very best; but you must expect these two cities to roll up nearly 40,000 majority against us, to which the residue of the region below the Highlands will add something. So you see your work before you.

We can, we must, beat the Johnsonites in the State -we hope to beat them handsomely-but it can only be done by hard work. Especially if the day be stormy, you will need to do your very best. But you WILL do it-we have looked in your faces and read there the high resolve, the calm courage, the glowing patriotism, that cannot be beaten. Friends in every County! we trust you, and will not be disappointed!

## ELECTION TO- MORROW.

The Registry in this and every City of our State closed definitely and finally on Saturday eveningfour full days having been allowed wherein every one who chose was allowed to claim the right to vote. Of course, some have registered more than once; many have registered who are not legal voters; while some who registered last month have since died or left the City, and will not be here to vote. A thorough, systematic scrutiny is in progress, which has already developed the fact that thousands have registered as living where there is no house or shelter of any kind. These will be looked after at the polls. The total registration of 1864, the vote for Governor of that year, and the registration now, are as follows:

Total vote in '64...109,847; Seymour's maj...37,227. In 1864, votes were received on certificate-that is o say, persons not registered were allowed to prove their right and vote. This caused much unavoidable delay. Now, no one can vote whose name is not on the register, and no district can return more votes polled than the number registered. Then there is a severe penalty for registering and voting illegally, which will keep out many bogus votes. We presume the number of votes polled to-morrow will be just

about what it was in 1864-say 110,000. We hope to

poll 40,000 of these for Gov. Fenton and our whole

But, to do this, we must work-not a few of us, but all. If every man in our City who earnestly desires Gov. Fenton's reëlection will this day resolve to give at least half of to-morrow to the canvass, and will report himself for duty to the General Committee or that of his Ward, the result is assured. The State can overbear any fair majority in this City; but it cannot stand up against such a majority as our adversaries will roll up if we let them have it all their own way. We must confront them in full force at every poll, prevent their bullying our weak brethren, and sustain our challengers in doing their whole duty. Let Ten Thousand earnest Republican-Unionists resolve this morning to stand at the polls throughout to-mor-

## row, and our triumph is certain. All hands on deck THE PARTY OF FRAUD.

In great cities, where many people are unacquainted with their neighbors on the same block, it is utterly impossible to prevent illegal and repeated voting without a stringent Registration of Voters. In the country, where every man who approaches the poll is known to dozens present of either party, the case is entirely different; but here to let every one vote who chooses to claim the privilege is simply to destroy the Right of Suffrage and turn the elections into games of chance and fraud. Hence, persistent efforts on our side to secure an efficient Registry; hence the persistent hostility to registry laws of that party to which

those who vote illegally naturally gravitate. When the first registration in October had been made, the Police were directed to make systematic inquiry and investigation as to the correctness of such registration, and, in thousands of instances, they found that some were registered in two different districts, or were registered as living where there is no house, or where it is certain that no such persons ever slept. The names of all such-without distinction of party-were duly reported, and whoever attempts to vote on those names will be chal-

lenged to-morrow, and-wherever the proof of charge

is clear-we hope they will be arrested. Who should object to this? Not legal voters, cor tainly. Not any one who wishes elections to be decided by legal votes. Yet the Hoffman organs are denouncing and defaming the Police as if it were wrong for them to endeavor to protect the rights of legal voters from destruction-and District Attorney Hall has issued the following manifesto:

Hall has issued the following manifestor:

To THE POLICE MADISTRATIS; Gentlemen—I regret to be obliged to inform you officially that there is reason to believe in an organized attempt by politicians to obstruct the exercise of the elective franchise. My information is that persons, with preconceived intent to obstruct both registration and voting, will assume to attend all day at a certain poll and systematically and successively challenge voters. Whenever such intent expressly exists or is fairly inferable from the facts, and complaint to made against any such challenger, it will become your dily to issue a vacrent and arrest the offender. Such an act with such an intent, would be an attempt by device to hinder an elector from free exercise of the right of suffrage—IR.S. I.G., 4. It will also become a misdemeanor for any inspector to refuse to receive or to religibly delay receiving the vote of any man whose mane is upon the registry, and who is willing "to swear in his vote," according to law. Johnson agt. Waldon, II John 129. Bridge's Election Case; 2d Louislana Annual Reports, 958. I also request that one of the magistrates will be constantly holding court at the manife phaces, from sunrise to smact, on next Treaday, and that you will cause notice of that fact to be served upon the Superintendent of Police and each police captain, in order that, when arrests be made for any or all of the offenses peculiar to an election day, prompt justice may be valed out both to the public and offenders, and the police spared unnecessary care of prisoners. With great respect, your obedicat servant.

Not. 3, 1866. Nov. 3, 1866.

The right of challengo inheres in every legal voter -it is just as important and vital as the Right of Suffrage; since the latter right is completely nullified if an illegal vote may be polled to balance and nullify your legal vote. Yet this impudent villain dares to threaten our challengers with arrest if they should challenge with "preconceived intent" to obstruct voting. How can he tell, how can any one know with what "intent" a man exercises his unquestioned legal right? Oakey makes his law as he goes, and makes it in defiance of the law of the land. Challengers! do your duty! Republicans! stand by your challengers and see that they are fully protected and not intimidated! Police Justices! if you lend yourselves to Oakey's game, you will very soon be out of

Great cracks and gaping fissures already appear it the walls of the Tammany temple, and all its tenants who do not feel outlawed from human sympathy by their acts, are tramping out as fast as they can from the ruin overhead and around them. Panic has taken possession of the councils of the four Molochs of the Ring," and, with political terror painted on each face, they sit trembling and paralyzed, each advising contradictory expedients for escape, and each crying to the other, "This death that overtakes us is your work !"

Now, Manhood of the Empire City! now for the battering-rams and complete your work! Offer liberal terms of quarter to all seeking escape from the ruin, for many of them were good soldiers, though enlisted in an unholy cause; but never relax one effort of the siege, nor remit it for one instant, until by sundown next Tuesday evening the gathering fire of popular vengeance shall have driven the Four Central Conspirators to the redly illuminated roof,-each seeking ome rope wherewith to lower himself unobserved into a place of safety, but each finally committing the same suicide of paralyzing inadvertence which Charles Dickens has described as the fate overtaking their more candid colaborer in the grand business of pillage -" Bill Sykes, of London."

THE HON. JOHN MORRISSEY.

The World untruly charges us with "scoffing" at its announcement of JOHN MORRISSEY as the Democratic candidate for Congress in the Fifth District. Our criticism was provoked by the cowardly, sneaking manner in which The World sought to conceal or disguise the fact. Mr. Morrissey is an eminent and influential leader of the Democratic party and a member of its General Committee. He is its regularly nominated candidate for Congress, with a moral certainty of election. He has bled like an ox in its behalf, so that John T. Hoffman's vote will be at least 10,000 larger than it would have been but for Mr. Morrissey's money. Then why do not Hoffman and his crowd stand up for their candidate like men? If he s good enough to pay the cost of running their machine, why not to be fairly recognized as their candidate !

We have not the honor of Mr. Morrissey's personal acquaintance; but, from common report, we judge that he is better than some of the candidates usually presented from Tammany Hall and not so good as others, white he is a striking representative of the largest and most influential section of the party, next to that composed of peculators and municipal robbers, to which he does not belong. The narrow, fanatical notions imbibed with our New-England education would not permit us to contemplate with rapture a Congress composed entirely of Morrisseys; but the sending of one such as a specimen brick of our metropolitan Democracy, we contemplate with unmingled satisfaction. Mr. Morrissey, we are assured, has abandoned the Prize Ring forever; but his right hand has not forgot its cunning nor his left either; and, if any Southern bully like Rousseau should undertake to 'put upon him," that bully will get polished off in about five seconds, and we shall heartily say, "Good for New-York! bit him again!" And as to the Washington "tiger," that beast which gets hold of so many of our verdant Members of Congress and strips them of money, principle, character and self-respect, driving them to do the dirty work of the Lobby, vote for extra compensation, for crooked Mileage, etc., etc., all we have to say is, Let that tiger try a nip with our John, and if he don't suddenly take to his beels, squealing and yelling, then we can't make a Yankee guess.

Republican-Unionists of the Fifth District! you are besieged and beseeched on every corner to desert your own candidate and vote for Nelson Taylor in order to defeat John Morrissey. Tell those who thus infest you that for every Democratic vote they will give you for Gov. Fenton, you will give them a Republican vote for Nelson Taylor, but never a one without the equivalent!

# JAMES BROOKS.

JAMES BROOKS.—Nothing can be more clear than that the City of New-York may be more affected, for weal or for woe, by the legislation of Congress, than any other city or locality in the country. She needs, therefore, to be represented in that body by men of ability, experience and weight of character. We regret to say that our representatives seldom come up to this requirement. Among the candidates now before the people of this city for election on Theaday next. Mr. James Brooks can certainly be relied upon as a successful advocate of our material interests. These interests, spart from political issues, require to be looked to by the citizens of New York. Having been connected with the newspaper press for many years in this city, he is at home in consultations and discussions affecting the trade, commerce and industrial pursuits in which his constituents are engaged and in which they are deeply interested. He has had the experience of a number of years service in Congress, is a man of industrious habits on committees, and has gained such a character as a ready and able debuter as to command, at all times, the attention of the House on all questions which he chooses to discuss. Business men will know how to prize these qualifications in their representative. It is and there is no doubt of his election.—[Journal of Commerce.

These be brave words; but do the facts warrant them?

Is it not well known by merchants and all men who regard honor and truth, that this man who is called upon to give advice in grave matters affecting the nation, has, under his oath, been found ignorant of his own business and dishonest to his associate? In October, 1864, after a protracted trial before Judge Daly to settle the interest of one of his partners in The Express, the Judge commenced his charge in the following remarkable language:

his charge in the following remarkable language:

"The first of these questions, the interest of Mr. Clarke, is purely a question of fact. It comes before you upon conflicting evidence—evidence in respect to which we cannot charitably conclude, arises from any imperfection of the memory, or from misconception of a circumstance, or any of these causes which are the fruitful but unintentional sources of mistakes in human affairs. But it is a conflict of testimony, between the two principal witnesses, occupying, in this case, the position of adverse parties, detailed with as much particularity, and reiterated with as much tenacity, as to admit of no other conclusion but that one or the other has stated what he knew to be unitrue it imposes upon you a very unpleasant and very painful duty, but I trust, and I feel assured, from the attention and intelligence you have manifested in the course of this case, that you will approach it and discharge your duty with that manifuses which the cause of truth demands and the ends of justice require."

when denying a new trial: when denying a new trial:

"The pertinent and suggestive, questions put by them, especially during the examination of the books of account, and in respect to details in the business management of the pager, exhibited so much intelligence and practical business knowledge, that I was induced in my charge to make especial reference to the attention they had shown, to the intelligence manifested by their inquiries, and to say that I doubted whether a better jury could have been found for the discharge of the duty imposed upon them."

The Journal will probably be gratified by seeing its ombedingnet of house character, and intelligence.

bodiment of honor, character and intelligence, again in Congress, but we protest against its ignoring the gentleman's history, as developed by legal proceedings which drew from the bench such language as we have quoted,

## ANTI-RING COUNTY TICKET.

Fail not to poll every vote possible for the anti-Ring County Ticket. The names of SEDGWICK, SHA-LER, HALPINE, SMITH, and NAUMANN, ought to insure its election. Let the Boys in Blue remember their two gallant comrades in arms, and give them an enthusiastic support. Let us all-Republicans and anti-Ring Democrats-resolve that they shall be elected.

### NEW-JERSEY.

Ten thousand Republican voters live in New-Jersey, but work in this City. If they all resolve to stay at home to-morrow and do their duty at the polis, we shall surely beat Jack Rogers and elect JOHN HILL, GEORGE A. HALSEY, and we hope also JOHN DAVIDSON. O Jersey friends! we pray you to give to-morrow wholly to your country! You surely

WILLIAM A. DARLING is making a gallant fight for Congress in the IXth (up-town) District, and has strong hopes of success. A great many Democrats in that District will support him in preference to Fernando Wood. Friends up-town! let not a man of you come down to-morrow till he has voted himself and made sure that all his friends have voted or will vote:

THOMAS CORNELL of Roudout, Republican-Union candidate for Congress in the district composed of Ulster and Greene Counties, gave thousands of dollars to support the families of Union soldiers during the war, and always carried those soldiers on his boats free of charge. This patriotic liberality has made him thousands of friends, as will be shown by to-morrow's vote. Mr. Cornell, being a large owner of steamboats, will run the Mary Powell up the North River free for voters of all parties to-morrow, starting from the foot of Desbrosses-st. at74 a. m., and stopping at all the principal landings up to Catskill. We hope she will return next day with news of Mr. Cornell's

"I hope that every man who goes down to fight against the South WILL BE SHOT."

The man who uttered these words is the Democratic candidate for Canal Commissioner, William W. Wright. He has been accused of publicly asserting that he "hoped no man who enlisted would ever come back," but denied the statement. He is now confronted with the following affidavit, made by one of the best citizens of Geneva, and one of the County Excise Commissioners:

Excise Commissioners:

State of New-York Ontario County, 22.—William W. Dox of George, who had five sons in the army one of whom was shot being sworm, sors he heard William W. Wright, the present candidate for Canal Commissioner, say: "I hope that receip man who goes down to fight against the South will be shot." Deponent further says that he distinctly recollects that Mr. Wright made the above statement at Geneva, N. Y.

WM. H. Dox.

Sworn before me October 30, 1863. GEO, B. DUSENBERRE, Ontario County Judge. Shame and defeat attend the party that has such a man among its leaders, and the ticket which bears his name! Mr. Wright's whole course during the Rebellion was against the Union soldiers, and The Genera Courier says that it could prove his record yet darker by quoting from his private expressions. But this one speech is enough-the sentiment is diabolical; and, if it rested on weaker authority, we should refuse to

believe it possible. Judge Ingraham on Saturday granted an injunction against the Dry Dock Rallway Company, as follows: against the Dry Dock Rallway Company, as follows:

It is ordered that the Dry Dock East Broadway and Batter Hallroad Company, the defendants in this action, them and each of their agents, employes attorneys and sorvants, and all and every person claiming under them or acting by their employment, authority or direction, be and they hereby are absolutely espointed and restrained from putting any ear or cears for the transportation of passengers upon the double rallroad track recently laid down by them in Broadway, extending from Parkrow, at or near the junction of Annest, with Broadway, to fellows at on the westerly side of Broadway, and from using the said track or any portion thereof for the transportation of passengers by cars, or in any other manner whatever, and from doing any other set or thing in said street (Broadway) from the profit of the transportation of this injunction the said defendants will be liable to the penalty therefor prescribed by law.

- Mayor Hoffman and Street Commissioner Cornell having declined to interpose in behalf of the people, the evening. Attorney-General Martindale felt constrained to so, and procure the suppression of this abominable nuisance. Hoffman could hurry back to our City from his rural canvass to save his friend Cornell from a most deserved removal, but could do nothing for the obstructed trade and travel of our City.

OWEN MURPHY is the sole Union candidate in the Tenth Assembly District. His only opponent is John Dymond, one of the seven Street Department | State: Clerks who have been nominated by Cornell to County. Genry. Clymer. County. Genry. Clymer. 2910 3,186 Junista. . . . 1,516 1,814 represent as many Assembly districts. Murphy is a respectable man of business, and should be elected.

WILLIAM H. GLEASON is running very strongly for Congress in the 1st District, and there are hopes of his election. He is popular, a hard worker, and has a good record as a legislator. Friends in Queens and Richmond! give him your very last vote! We say nothing to Suffolk, for she is sure to do her very best.

JOHN V. GRIDLEY is the regular Republican-Union candidate for Assembly in the XIth District, composed of parts of the 18th, 20th and 21st Wards. He will surely be elected unless votes enough should be drawn off by Col. Van Buren to defeat him. We trust this will not be. We should very strongly support Col. Van Buren if he could be elected; but he has no chance, and we beg every Union elector of the district to vote and work for JOHN V. GRIDLEY.

Col. LE GRAND B. CANNON will represent the VIIIth District in the next Congress if One Thousand of you who wish he may will only give to-morrow to hard work in his behalf; and he cannot be elected without. Will you give him that day's work?

CHARLES S. SPENCER has never been backward in any good work, as thousands of voters in the Vfth Congress District do know. Publicly and privately, he has been faithful to his friends, generous to the needy, and public-spirited in all things. He needs a good day's work to-morrow from each of his brother Republicans in the IXth, XVth and XVIth Wards. Will they let him be beaten by a Copperhead for want of that day's work?

The backmen of this City, whereof travelers are the victims, and "The Ring" the beneficiaries, march annually into politics-a solid phalanx of unwashed nuisances. They vote, with few exceptions, pretty much as they drive, and men and horses must pay for it. It will be a shame if some of these professional undertakers of the franchise are permitted to vote twice over, and, indeed, to vote at all. According to municipal rules, no one can be licensed to drive a hack or other vehicle, till he is sworn to being a citizen of the State and county. Nevertheless, many hundreds of these men took out naturalization papers which are aute-dated by their licenses, thus confessing to the fact of perjury in every instance. It only remains for vigorous will approach it and discharge your duty with that manifiness which the cause of truth demands and the ends of justice require."

The jury had scarcely left their seats before they rendered a verdict against James Brooks upon every point.

Description of the police with the naturalization paderion.

Of this jury and trial, Judge Daly says in August, 1866, the Metropolitan Police, in whose keeping is a list o all the licenses issued by the Mayor, have full knowledge of the matter, with wholesome intent to act upon it.

> GEORGE W. ANDERSON is now the only Republican-Union candidate for Assembly in the 8th Assembly District-Nicholas F. Eberhardt having withdrawn. There are two Johnson candidates running, so that Anderson has a good prospect. Give him every vote

BENL C. WANDELL, the Republican-Union candidate for Assembly in the 13th District (XVIth Ward), is one of the very best men in our City, foremost in every good work, and widely known and esteemed. The district is close; but Mr. Wandell can be elected if his friends do their whole duty. We lost the distriot last year by barely 24 majority.

WILLIAM H. ROBERTSON will be chosen to Congress from the Xth District if every voter who prefers him to Radford can be brought to the polls. If beaten, it will be by the stay-at-homes, not by the voters for Radford. Republicans of Westchester, Rockland and Putnam! resolve that there shall be no stay-at-homes in your several townships!

There is information in our City that a great number of Roughs and Rebels, from Philadelphia, Baltimore and thence southward, have come and are coming on to attend our election, and that some of them will try to vote here if they think they can do it with impunity. And, as no one can vote who is not registered, they mean to try at polls where there are few or no Republicans, and there give the names (which will be furnished them by sympathizers) of Republicans little known, and vote thereon; thus cheating us out of two votes each. To block this game effectively, let every hearty Unionist be on hand when the polis open, or as soon thereafter as possible.

Not one soldier on the State, County, Congress or Assembly tickets of the Tammany "Ring!" Let us correct ourselves. There is one person nominated for Assembly who was once a soldier. How, then, did this here achieve the proud distinction? Very properly, indeed, from the John-Mozart-Fernando-McCool-Wood-Tammany point of view. He was dismissed the service under disgraceful charges. This is all the tribute that the Tammany "Ring" can afford to "Our Boys who Wore the Blue."

The Rebel States are an integral part of the United States. They are not the exclusive property of the Rebels. The majority in interest in this co-partnership have the lawful right to see that it is managed for the common national good.

## Do not fail to vote FOR A CONVENTION

Supervisor John Fox writes to The World to contradict our statement that he was probably to give way to another candidate for Congress in the Fourth (downtown) District. We were assured by a Democrat that the ballots for that district were directed to be made up in bunches with the Congress ballot omitted. What that must mean, if it were so, Mr. Fox will readily guess.

We beg the Supervisor to rest assured that we do not mean to hurry him in the race for Congress. We could n't in conscience do anything calculated to swell the already atrocious cost to the tax-payers of our new City Hall-not by a single dollar.

We have received scores of letters from Irish citizens and Fenians, urging the election of Gen. Halpine for Register, and that of the Republican candidate for Congress in the IVth District. Never were our foreign-born citizens so ready to act independently of the "Ring" and the clan that has hitherto dwarfed and misled them, and we can only regret that the pressure upon our columns prevents us from giving special and unusual proof of this fact. We again take occasion to warn all Irish citizens who desire to vote for Gen. Halpine (otherwise " Miles O'Reilly") to see that no spurious ticket wins their confidence. Tickets printed, "For Register-Miles O'Reilly,

THE PRESIDENT NULLIFIES GEN. GRANT'S ORDER IN RELATION TO THE CIVIL RIGHTS BILL.

BY TELEGRAPH TO THE TRIBUNE. WASHINGTON, Nov. 4 .- The following special dispatch has just been received at this Bureau from the Tribune Bureau at New-Orleans:

NEW-OBLEANS, Nov. 4 .- It is stated on very good anthority that the President has ordered Gen. Sheridan not to make any arrests under Gen. Grant's famous order, which affects 44 parties accused of committing murders on the 13th of July in this city. It is well known that affidavits were placed in Gen. Sheridan's hands over two months ago, accusing certain parties of murder, and the above accounts for his not acting in the matter. The appointment of Judge Morgan, a notorious Copperhead, as United States District-Attorney will effectually prevent the prosecution of numerous parties held for trial by the United States Commissioners under the Civil Rights bill. Official information reached Gen. Sheridan yesterday of numerous murders and outrages committed against Union men in the Parish of St. Laundry. Gen. Sheridan leaves for Texas to-morrow on important business. He will be

BRUTAL MURDER IN COLUMBIA COUNTY-A WOMAN

absent four or five days.

ALBANY, Nov. 4 .- The inquest in the case of Mer. Allen, who was murdered in Taghkanic, Columbia County, was continued until Saturday. The evidence was of the most revolting character, abowing that the murder was committed by her hushand, John H. Alien. He had been in the habit of pommeling her and correcting her until a week ago, when he pommeling her and correcting acr until a week ago, when he without any apparent motive used a club to inflict punishment, and subsequently stamped on her to such an extent that she died. Two of his children were present during this action, one off whom was twolve years of age and the other nine. After completing the flendish act he held the club in the fire to burse off the blood and hair. No alarm was given by the children, but in the morning it was discovered by some neighbous who called in. Suspicion originated before the coroner's jury of deather by another cause, but an exhumation of the body disclosed in groundlessness. Allen is now in Columbia County jail, awaiting trial in January. It is alleged by his friends that he is issue, but it is not generally believed.

AN OLD LADY GARROTED.

BY TELEGRAPH TO THE TRIBUSE.
CHICAGO, Nov. 4.—An old lady in frail bealth was garroted last night and so badly injured that she cannot recover. The ruffian thought to scoure her jewelry, but was surprised and arrested. A SUPPOSED EXPRESS HORRER ARRESTED. BY TELEGRAPH TO THE TRIBUNE.

CHICAGO, Nov. 4 .- Officer C. O'Callaghan on Fri-CHICAGO, Nov. 4.—Officer C. O'Callaghan On Friday arrested a man in this city who, it is believed, recently robbed an Express Company in Massachusetts of the sun 427,000. The arrest was made on a telegram from Boston received by Capt. Hickey a few days ago from the Chief of Polics of that city. The person arrested is James Shaw, alias Colber, alias Calvert, and he answers exactly the description set from Boston. He was taken before the Police Court in the afternoon and at Capt. Hickey's request was bound over in the sam of \$30,000 to await intelligence from the East. The prisoner was quite talkative, but refused to speak of his alleged exploit.

A SHOCKING TRAGEDY IN IOWA-A MOTHER COTS THE THROAT OF HER BABE. BY THERORAPH TO THE TRIBUNE.

CHICAGO, Nov. 4.—At Des Moines, Iowa, yesterday morning, a Mrs. Guthrie cut the throat of her little babe, about one year old, in a fit of temporary insanity. She has been sick for some weeks, and while her husband was momentarily absent, did the deed with a razor. The father rescued the bails from her grasp and ran to get assistance, and on his weign the mother was trying to cut her own throat with a carring knife. It appears from her subsequent remarks that she intended to kill all of her four children.

FIRES.

DESTRUCTIVE FIRE IN BOSTON-ESTIMATED DAMAGE \$500,000. BY TELEGRAPH TO THE TRIBUNE. Boston, Nov. 4 .- Late last night a fire broke out

n the basement, in the rear of No. 41 Franklin-st., which is the center of a large five story granite front block, stretching from Hawley to Arch-sts.

The flames soon burst through the roof, and notwithstanding the strenuous exertions of the firemen and the immense quan

the atrenuous exertions of the firemen and the immense quantity of water thrown on the fire, it gained rapidly and apread to the right and left to Nos. 49, 47 and 45, and 39 and 37. The upper stories of the buildings were entirely destroyed, and the lower stories thoroughly drenched with water.

The part of the block in which the fire originated was occupied in the basement by F. F. Wheelook & Co., fancy goods dealers, and in the upper stories by Allen, Lane & Co., dry goods merchants. These firms had a large quantity of goods on hand, which were entirely destroyed.

The upper stories of Nos. 49, 47 and 45 were occupied by Denny, Kine & Co., dealers in American goods, and the fir st-floor and basement by E. O. Tafts & Co. The damage in this part of the building is very heavy. The two upper stories are burned out, and the lower one flooded with water.

The same may be said of Nos. 39 and 37, occupied in the up-

burned out, and the lower one flooded with wafer.

The same may be said of Nos. 33 and 37, occupied in the upregretary by Bodge, Baldwin & Co., and in the lower part by
Horsewell Kinsley & French. J. C. Howes & Co., No. 51, was
alightly damaged by water. A large quantity of wool on fre
in the store of Denny, Rice & Co., the firemen found great difficulty in extingueshing. The loss is variously estimated at
from \$190.001 to \$500.000, and is said to be mostly insured, but
the details cannot be learned to-day. ATTENTION, IRISHMEN!

To the Editor of The N. Y. Tribune. SIR: A correspondent asks: "Who are they who compose the so-called Irish Executive Committee at Washington who are assuming to speak for the Itish people and white-

One of them is an ex-office-holding Sargeon, who is now seek-ing for office again. He has resided in this city for years, has one of these again. He has resided in this city for years has often been requested to give his aid to the friends of Ireland here, but until now, when there is a chance to get bread and butter, he has stradily kept himself about. He has no faith in any other Irish movement, save one which will bring place and office. He has little to sell, but even that flittle he is willing to barter for Andy's favors. Another is a police constable, who calls himself Assistant-Marshal. An ex-porter of the Astor House in your city does the general scrubbing for Andy, and an applicant for register of wills in this city, to which position he expected his master will promote him for his braying through his Irish trumpet the praises of King Andy. Another holds an office in one of the departments, originally procured for him by a gentleman of this city. Through the intercession of Patrick O'flourk, he has lately received two promotions for his services in support of his boss, and for his blackguardism of the Fenian Brotherhood. He was expelled from a Fenian circle for non-payment of duos.—17 weeks at 10 cants a week. He is rather idiotic, with enough of cunning to have no principles which would interfere with the cravings of his belly. When Jack Hagan and Jack Rodgers are here, they are the leaders of the tribe, but the rest are a miserable set of begrars for official crumbs, who thank Heaven they were born is a country whose miseries they can trade upon. I can assure your correspondent that these pictures are drawn to the life.

Xours truly.
